URL / Image	Question	Response / Observation	Notes
http://www.ics.uci.edu/~sappleb	Where would you go to view the persons skills?	sees the nav bar and clicks on skills, but also assumes you can just scroll down to find the section	
	Where would you go to view information on previous projects?	*click on portfolio, would hover over the interesting images, clicks on an image, likes that it just pops up instead of leading into another tab or page. likes that it keeps her on the same page. also sees that some of the projects have links to more information. likes the font, its not too professional and is easy to read*	notices the background behind the pop up scrolls too
	Where would you go to connect with the person on social media?	*would check out the contact info by clicking contact in the nav bar. scrolls down and sees the buttons for social media platforms. finds it really easy and nice that she can just click on the buttons and it takes her to those social medias.*	
	What elements of this page appeal to you the most?	really likes the minimalistic and the color scheme, thinks its very useful pleasing, not quite playful. likes the easiness of navigating around. Likes that its bright and colorful, but not too much, its very cute. very simple, easy to flow/go through.	
	What elements of this page appeal to you the least?	the about me seems like it has too much text, maybe not just text but add a visual. feels like chunks of text is not appealing for someone to read, likes how the skills is more visual and feels the about me is too much text, but at the same time the information is good.	
	Would you say it describes the person well, their personality?	yes	
	Where would you go to find information about the person's education?	click on education	
	How would you contact the person?	go to contact and fill out the form	
	Where would you go to find the about me?	click on about me	
	Is there anything you would change about this page?	the navbar headings should be more centered vertically, als social media buttons are slightly off centered.

URL / Image	Question	Response / Observation	Notes
http://www.ics.uci.edu/~sappleba	Where would you go to view the persons skills?	click skills and yeah its right there	
	Where would you go to view information on previous projects?	*I would click on portfolio, sees that she can hover over the images and they change slight and can view the projects.*	
	Where would you go to connect with the person on social media?	*contact and then scrolls to the buttons at the bottom*	
	What elements of this page appeal to you the most?	likes how i used the icons for the skills, likes the modal boxes, the colors are nice not too bright or overwhelming	
	What elements of this page appeal to you the least?	nothing that she doesn't like, but has suggesstions for how to change some things	
	Would you say it describes the person well, their personality?	she thinks it does, guess the jobs that i want to have/pursue	
	Where would you go to find information about the person's education?	click on education	
	How would you contact the person?	click contact and fill out the form and click send	
	Where would you go to find the about me?	click about	
	Is there anything you would change about this page?	move social media links to be more closer to contact, maybe less space inbetween.	overall likes the site and wanted to make hers more like it.
